

## Ew'ge Rots geklief vir my

**G**                      **C**        **G**                      **D**                      **G**  
Eew'ge Rots, geklief vir my, laat my skuiling in U kry  
                         **D**                      **G**                      **D**                      **G**  
Laat die water en die bloed, uit U sy – o salig vloed –  
                         **C**        **G**    **D**        **G**  
My van sondeskuld bevry, red my van sy heerskappy

**G**                      **C**        **G**    **D**        **G**  
Niks wat ek kan sê of doen, kan ooit aan U wet voldoen  
                         **D**                      **G**                      **D**                      **G**  
Kon my ywer altyd gloei, kon my tranes ewig vloei  
                         **C**        **G**    **D**        **G**  
Niks kan vir my skuld vergoed, dan alleen U kosbaar bloed

**G**                      **C**        **G**    **D**                      **G**  
Sonder offer, skuld belas, klem ek aan U kruis my vas  
                         **D**                      **G**                      **D**                      **G**  
Nakend, Heer wil by beklee, hulploos, wil my sterkte gee  
                         **C**        **G**    **D**        **G**  
Vuil, verdien ek die verderf, was my heiland, of ek sterf

**G**                      **C**        **G**    **D**                      **G**  
Wyl ek hier nog asemhaal, of ek in die graf eens daal  
                         **D**                      **G**                      **D**                      **G**  
As ek na die Hemel sweef, voor U regterstoel herleef  
                         **C**        **G**    **D**        **G**  
Eew'ge Rots, geklief vir my, laat my skuiling in U kry
