

I Know God - The Isaacs

Chords

I know God and He knows everything
The bright sunshine and rain, He never changes.
I know God and I know He gave me peace
He set my spirit free, I know God and I know that He knows me.

I don't know how eagles soar so high into the sky.
The ocean stays within it's bounds tho driven by the tide.
It all still amazes me, the very gift of life.
A wealth of things I'll never know, the reason I'm alive.

I don't know how lives are changes with just a simple prayer.
A sinner lays his burdens down, gets up and leaves them there.
The mystery of salvations plan, it still amazes me.
I may never understand how that he saved me.
