I'D RATHER HAVE JESUS

```
G                G7          C          G
I'd rather have Jesus than silver or gold.
                                        D
I'd rather have Jesus than riches untold.

    G            G7          C  G
I'd rather have Jesus than anything.
                      D       G
That this world can give to me.

        D                C     G
Than to be a king in a vast domain.
        D                    C G
Than to be in sin's dread sway.

    G            G7          C  G
I'd rather have Jesus than anything.
                      D        G
That this world can give to me.
```
